Good morning Dave,
That is strange. I just confirmed the phone number and it was correct. I sent the pictures right after our call and it appeared it went through. I have attached the photos.
It will only let me attach 5 at a time so I will send multiple emails.

Thank you for the opportunity,
Ben Simonds

⚠ WARNING

Check following points **each time** before towing trailer.

- ✓ **Make sure** all parts, bolts and nuts are tight.
- ✓ Secure load to trailer - check tilt and tie down mechanisms - use extra rope as a safety measure.
- ✓ Check tire air pressure when tire is cold.
- ✓ Repack wheel bearings once a year, preferably in the Fall before storing trailer.
- ✓ **Make sure** you are not exceeding trailer capacity.
- ✓ **Make sure** the coupler is securely latched to the hitch ball. Check each time you stop & leave trailer.
- ✓ Cross safety chains under tongue and secure to towing vehicle. If equipped, hook up break-away brake chain with slack to permit cornering.
- ✓ **Make sure** the trailer electrical connections are secure.

DO NOT ENTER TRAILER

STOP

This trailer may tip and cause injury if not properly attached to the tow vehicle or secured with stabilizer jacks.
