DESCRIPTION OF DAMAGE

The unit sustained damage to the front and underside. The entire front bumper assembly is damaged and requires replacement. The grille is also cracked, requiring replacement. The engine oil pan has been compromised, resulting in rapid loss of oil which has damaged the engine internally as a result of a lack of lubrication. Therefore, replacement of the engine is necessary. We have utilized an LKQ engine in our damage appraisal. An alignment is also necessary.

EVALUATION

We have prepared a damage evaluation to repair this unit and it is as follows:

Labor	\$ 11,963.20
Parts	20,651.51
Additional Costs	822.59
Subtotal	\$ 33,437.30
Deductible	(2,500.00)
