ROPS / Operators area

Right rear corner

The equipment frame is heavily rusted and worn.

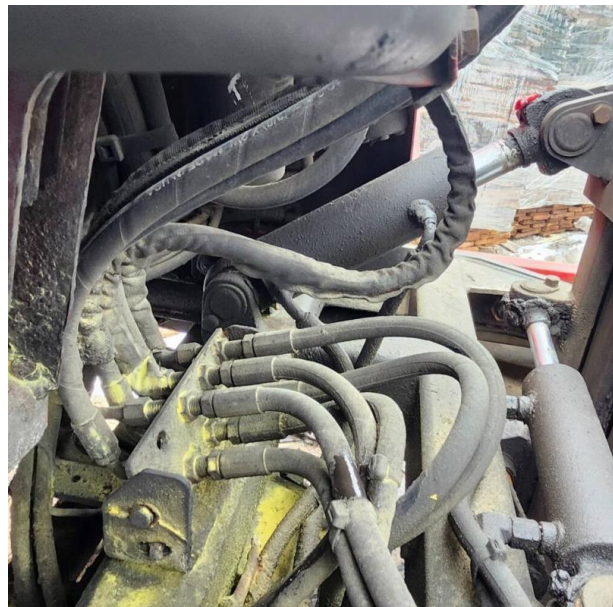

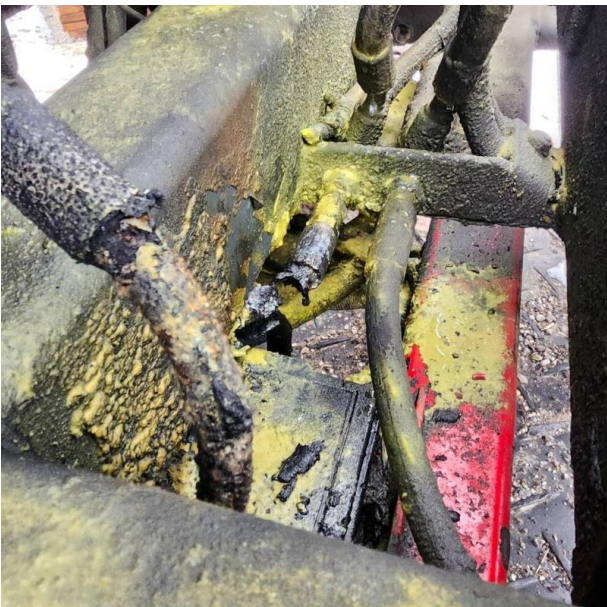

Mast

Controls and Gauges

Damage to starter and wiring

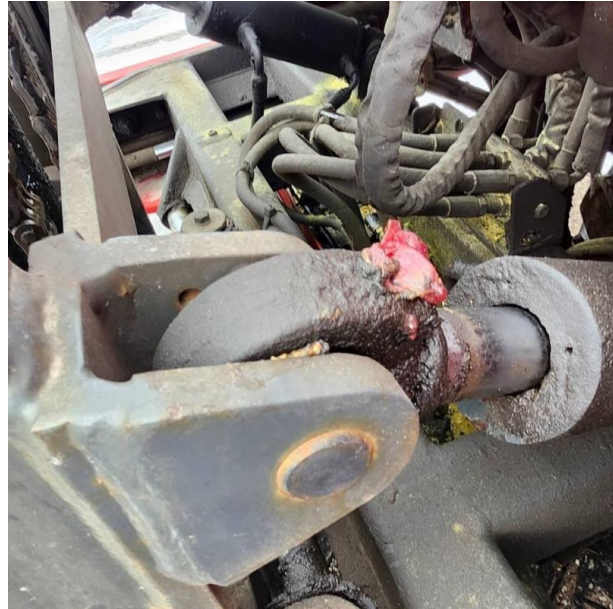

Damage to multiple hydraulic lines and junctions

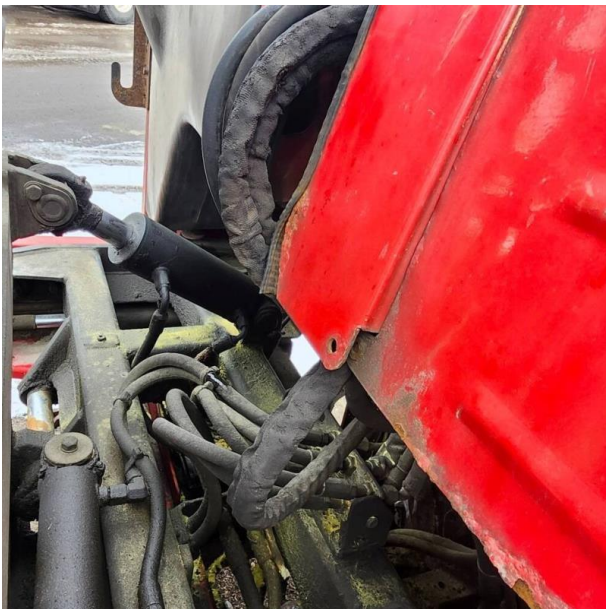

170_6+556_n_saginaw_st_pontiac_mi_48342.jpg

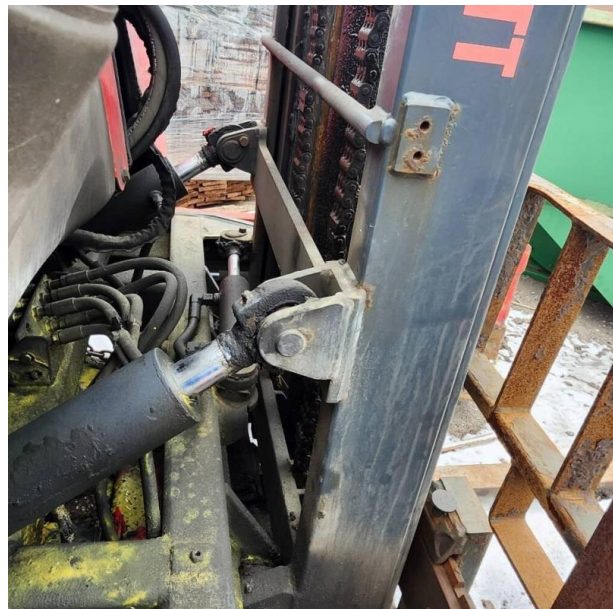

Multiple lines were exposed to heat before the fire was put out.

Area between the Mast and Drivers area

the fire happened in an area that is not easily accessible, which is under the main body of the lift.
The equipment would need to be tor down to capture the full scope of damage.

The area where the fire started below the operator station and Mast
